

Book Collection: Nonfiction™ Databases

For Public Libraries

Book Collection: Nonfiction™ is a cross-curricular database providing content that represents a wide spectrum of works, including popular series from top book publishers such as Allosaurus Publishers, Bess Press, Inc., Branden Publishing, Capstone Press, Compass Point Books, Fulcrum Publishing, Lerner Publishing Group, Mason Crest Publishers, Morgan Reynolds, Inc., Morning Glory Press, Oliver Press, Rourke Publishing, LLC and Stackpole Books.

Users will find informative abstracts and searchable full text for more than 4,300 popular nonfiction books covering core subject areas as well as information on careers, health, sports, adventure, technology, life skills and more.

Book Collection: Nonfiction™ Databases

For School Libraries

Designed for school-aged children, these three databases contain fully searchable full text and informative abstracts for popular nonfiction books used in schools today. The *Book Collection: Nonfiction* databases offer full text for a variety of nonfiction books that are part of the popular Accelerated Reader® program. Content is appropriately selected for each version based on reading level (Lexile) and is correlated to Curriculum Standards, making these resources invaluable to both teachers and students.

Book Collection: Nonfiction™ — Elementary School Edition is a rich research database for elementary-aged students, containing abstracts and searchable full text for more than 1,200 popular nonfiction books. The database includes content on animals, weather, holidays, adventure, sports, Native Americans, United States, Canada, biographies, nature, civics and more.

Book Collection: Nonfiction™ — Middle School Edition is designed for middle school students, containing informative abstracts and searchable full text for more than 3,000 popular nonfiction books. The database includes high-interest titles on careers, health, life skills, ethnicity, disabilities, adventure, sports, technology, biographies, history, science, women, civics and more.

Book Collection: Nonfiction™ — High School Edition is designed for high school students and contains comprehensive abstracts and searchable full text for more than 2,600 popular nonfiction books. The database includes full-text entries on core subject areas, including careers, health, life skills, ethnicity, disabilities, adventure, sports, technology, biographies, music, science, history, civics and more.
