EBSCO
Who We Are

EBSCO has partnered with libraries for more than 75 years by providing quality research content, powerful search technologies and intuitive delivery platforms.

An Industry Leader

We innovate through research and relationships, and we learn from customers and their users. Because our goals are those of our customers, we enable the greatest value in our services.

We offer premium content through databases, e-books, journals and magazines, as well as a versatile discovery tool for searching across all library resources. Our content and feature-rich technology platforms serve the needs of researchers at all levels, whether they access EBSCO products at academic institutions, schools, public libraries, hospitals, medical institutions, corporations or government institutions.

We offer technologies that make workflows easier for all.

Our Story

EBSCO Information Services is a division of EBSCO Industries, Inc., one of the largest privately held and family-owned companies in the United States. EBSCO Industries, Inc. has been in business since 1944.

Starting out as a small subscription agency, EBSCO quickly became a pioneer in the library services industry. Through vision, action, innovation and a commitment to continuous improvement, EBSCO invests in the library business to ensure the long-term growth of products, services and technologies for our customers.

We believe that we are only as good as the service we provide.

Our Core Values Include:

- ✓ Focusing on what our **customers** need and continually improving products and services to reflect their goals.

- ✓ Insisting on quality—creating resources and technologies to **help you do what you do.**

- ✓ Aspiring to attract employees that foster creativity and **cultivate passion.**

- ✓ Innovating and improving technologies for libraries and organizations—providing tools and resources they need to save time so they can **focus more on their users** and less on maintenance.

- ✓ **Creating a vision** based on customer feedback and requirements and then implementing strategic plans to achieve them.
