# EBSCOhost

User Interface Overview

Improving the Research Experience

Based on user feedback, testing, and accessibility standards, the new EBSCOhost interface has been redesigned to meet ever-evolving user expectations for accessing, searching, choosing, and using the library's resources.

The new UI includes many new features including personalized dashboards, new ways to share and like resources, read e-books, and much more, including:

- Simplified, clean branding
- Intuitive limiters and facets
- Improved translation features
- Enhanced accessibility standards
- Increased configuration for librarians

Stay connected with the progress of the UI.
Visit the **platform roadmap** on EBSCO Connect.

EBSCO

① **Search Bar:** Enter your term or topic to search all the library offers

② **Quick Filters:** Refine a search without navigating away from results, this includes resources that have been peer-reviewed. Filters can be expanded to limit to type of resource, publisher, publication and more.

③ **Save Item:** Save articles to your dashboard

④ **Export:** Ability to export the article through a variety of methods

⑤ **Related Subjects:** Explore related subjects through hyperlinks

⑥ **My Dashboard:** Login to save articles, view search history, review checkouts and holds and organize resources by project

⑦ **Research Tools:** Access journal publications and additional sources

① **Peer Reviewed Indicator:** Indicates a peer-reviewed article

② **Article Export:** Save, cite, share or download article

③ **Publisher Information:** Denotes Journal Title, Date and Database (if applicable)

④ **Access Options:** Ability to view via PDF or other methods

⑤ **Download Option**

⑥ **Additional Information:** Includes title of article, authors, abstract, etc.
